My fathers dog needs a new home, he is a beautiful very nice purebred German Wirehair. He is blk and white in color and is about 2 1/2 years old (not neutered) but current on all vet work. He has had lots of training, retrieves both on land and water, heels off leash and knows the "whoa" command. He has been exposed to lots of grandkids but has never lived full time with little kids. He is very sweet but needs a home that will dedicate their time to him. He is not as confident or aggressive as some wirehairs and hunting in groups of 6 dogs he tends to be pushed out of the way. I am looking for a home that wants a best friend for hunting and a family member. He has not been exposed to cats or other critters. He does fine with dogs. Please for more info call

rehoming fee is \$300 and he does NOT come with.
