I have two Male Dumbo Rats we bought about 2 months ago for my 4 year old daughter they do not bite my daughter held and played with them all the time. We have to many animals in our townhouse to give proper care to them. I will include the food we have, toys, running ball, and running wheel. If you want the cage I pictured that I just bought 2 months ago for \$100+ that will be \$60 or BO
