We loved staying at your apartment while we were in Hawaii. We loved the convenience, the cleanliness, the location, supplies available to us to do our surfing etc, but most of all we loved working with you. You made us feel right at home from the first moment we arrived as you were waiting by the curb for our car to arrive in the night! We were most impressed with everything you had to make our visit just perfect and successful. We hope to be back and we have already told friends and family of your unique spot in paradise. Take care. Marge and Richard, Hershey PA
