I'm a graphics designer. I do everything from web design and business cards to club flyers and billboards. Everything that you can SEE, I can DESIGN.

I am looking for someone that can bring constant work to my table. I want to focus on the design aspect of the job so I'll need someone to handle the other part. All you have to do is bring me clients and you can keep a percentage of the money earned. I'll do the designing. 20 percent? 30 percent? We can negotiate.

There is potential to make a lot of money. I won't scam you. I'll do everything I can to make sure there is 100 percent trust between us. I'm a pretty cool person to deal with and say, you get overwhelmed with things, let me know and I'll understand. But we have to stay in communication.

Email me with your contact info if you're interested and I'll show you my work.

Thank you and God.
