Alabama is a young and friendly tortoiseshell girl who was rescued from Chicago animal care and control. Her human was evicted and she was brought to the city shelter along with two other cats. Alabama waited for her human to come and she never did. After waiting for too long Alabama made the euthanasia list. We were able to rescue her and placed her in a foster home where she lives with two other cats and dogs. She seems to prefer human company to that other animals but she coexists with everyone in the home.

Alabama is healthy, up-to-date on vaccines, microchipped, F IV/Felv negative, and spayed. Her adoption fee of \$95 benefits rescued pets. If interested in meeting and possibly adopting Alabama, please email the address.
