

Do you have a fenced yard in Diamondhead (Diamondhead)

Location **Mississippi**

I am hoping to find someone in Diamondhead with a fenced in yard. I have a greyhound and would like to find a place she could run around safely several times per week until the dog park opens. We can work around your schedule if necessary and I would definitely clean up each time we visited. I will gladly provide references if you would like.

Please email me through cl and leave your contact info...no texts...I have a landline.

Thank you for considering this.
