Sweetest puppy ever. 9 week old jack russel puppy. She's a rescue, mom quit feeding him so I took him in and hand fed for 2 weeks. She is now ready for her new home. She does need his shots, but she has had his first dose of dewormer and will need her last dose in a week. I'm only rehoming her for \$70 because she needs shots and I know times are hard and I want her to go to a good.
