To all the animal lovers,

I am a seventy three year old man and proud owner of the Non Profit Second Chance Animal shelter.

I am registered and licensed by both the Federal Government and the State of MS.

Presently, I house forty one animals, thirty cats and eleven dogs. These animals are primarily elderly and Rescued from Hurricane Katrina.

I recently lost my job and have not been able to find work to continue the maximum care these beloved animals need. We are in dire need of many supplies to help these animals to live a happy and fulfilling life. These supplies include, but are not limited to the following list: cat and dog food, litter, paper towels, Advantage II Xlarge flea medication, and any financial assistance to help restore and maintain the shelter they reside in.

Any and/or all of you generous donations made to the Second Chance Shelter is 100% deductible to the Internal Revenue Service. Please reach out and give our loving animals a helping hand they disparately need. Thanks for your time and attention to this ever growing problem. May God bless you all.

Please direct all calls to Please note, I do not have access to texting on this telephone.

Best Regards,
