This is a very solid set but I'm selling it cheap because I don't want to take the time to fix the few things that need fixing.

Please note:

1. These can be set up as two twin beds (as shown) but I only have knobs for the posts for one set. I DO have the ladder attachment and guard rail for when they are set up as a bunk bed.
2. One of the beds needs two more slats for the bottom. A few bucks at Home Depot/Menards/Lowes. You can see in the picture that they are broken. This is a quick and simple fix. My daughter slept on it like this and didn't even know those two were broken until we moved the mattress off.
3. There are some markings and a few stickers that I'm sure can be removed without too much trouble.
4. Please excuse the mess in the pictures! haha We are in the middle of switching all of the kids rooms around so all of their stuff is out in order to move furniture!

This is a fair price for a solid set with a few fixable.
