

Trek Y3 Full Suspension Frame Medium 18 w Fox rear shock (30 USD)

Location **Idaho**
<https://www.genclassifieds.com/x-443499-z>

Selling a used 1997 Trek Y-3 Frame w/ stock rear Fox Vanilla coil-over shock. It's ready to be built but does have lots of scratches/dings/dents/etc.

The seat tube cable stop area is crushed to some degree, due to someone riding the bike with the seatpost down to far.
That said, V-brakes would be advised for the rear.

The rear shock seemed to work decent but not sure of it's exact condition.
Front of the frame is 6061 T6 aluminum w/ True Temper chromoly steel swingarm.
Frame is very clean, but could look much better with a fresh coat of wax.
This is for the frame and rear shock only, no other parts included.

Pictures are from the exact frame I'm selling, in exact condition ... sold as-is.

Seat tube is 18" center to center, and top tube aprox 23" center to center.

Jeff 928-460-36eleven (I can't receive text messages)
