You are a "Socialite" yet you can't pay the photographer or videographer? What the fuck? And you rich people call yourselves "job creators"? The only "job" you are creating is one with NO FUCKING PAY! You really believe in income inequality don't you?

Let me tell you something, Rich...phone # ..if you want someone to do something for you then you PAY THEM! You DON'T ask the photographer or videographer to work for free!

Why do fucking rich people think the world owes them everything for free just because they're rich?

REBRANDING! looking for VIDEO/PHOTOGRAPHER (TFP) (DMV)
compensation: no pay

Male Socialite looking to rebrand myself and webpage in the upcoming new year! I am looking to grow into a self proclaimed "Creatif"! I have plenty of concepts, and I am open to yours also! I am looking to create images from outlandish to fashionable. I am a graphic designer so raw or edited images are fine! Looking to shoot sooner then later, but open to scheduling things further into the year! Dont hesitate to hit me up! Looking forward to hearing from you! I will be in DC this weekend if anyone wants to shoot at any locations!

TFP!!!!!!!!!!!!!!!!!!!!!!!!!!!!!!
