2 wilderness systems Tsunami 120 kayaks. The green one is a duralite and is aprox 10lbs lighter making it 40lbs. Both are in very good shape only minor scratches. They have adjustable seats, foot pegs and leg pads. These boats are very smooth in the water and fast. The paddles are also included, the Werner paddle is 100% carbon fiber and retails for 400\$ new. Both paddles in great shape, no cracks or problems. I'm asking 1400 for both boats and paddles.
