Hi, You DON'T have to be a professional model, just willing to have some fun posing.

I'm looking for female model who would enjoy doing a flashing / upskirt photo shoot. I'd really prefer amateurs please.

Not about sex..just photos. Many of the shots won't need to have your face showing, just great flashing pics, upskirt peeks indoors and if possible outdoors too.

If you are willing to give it a try, please send a couple of photos, tell me about yourself and send me your contact information.
