

# NC State Fossil Watches (50 USD)

Location **North Carolina**  
<https://www.genclassifieds.com/x-444144-z>

I have 3 different NC State Fossil Watches I'm selling as I do not need that many watches. Two are variations of each other with one a little larger. They are the ones that with a new battery will show the block S logo behind the dial, a blank silver face, or flash between the two. The third is the most recent version with a red face and a date as pictured. They will need new batteries and one has a small scuff/scratch. The cases do show some signs of wear but would be great time pieces for the Wolfpack fan in your life. Asking \$50.
