135,000 miles, turbo runs. It sat in a garage for the last two years, interior was removed the only thing missing is the carpet. The body is very straight all around except for some damage on top of the hood and missing rear spoiler. Brakes aren't working but yard drives with emergency brake. 5-speed gear box feels tight and clutch feels good. Needs muffler and tail pipe. Would make a great driver or turbo engine donor. Alpine CD player, Viper alarm system, tinted windows all around. Trade for OBS Ford 7.3 diesel truck car suv jeep wrangler, motorcycle, boat, jet ski, plow truck, merkur, Mark vii viii, mustang, F150 F 250 F-350
