2007.5 Chevrolet Silverado 1500 regular cab short bed. 4x4 4.8L V8. 240k on it but it's all highway miles. I drive 100 miles a day to work so it will go up. Meticulously maintained. Absolutely ZERO ROT on this truck anywhere. Always run full synthetics (last oil change on (5/515) Just put over \$2000 in it and has a custom exhaust. (Flowmaster and GM performance) has brand new tires on it(1/13/15) passed inspection (1/20/15) the bed has a dent and the truck has some scratches But she runs like a top. I can provide more pictures upon
