I am looking to have 2 acres of Pine removed, hoping to find someone that sells the chips or makes mulch to keep cost low, I understand it would not be free because it is too small, and there are 95% chip trees and 5% logs. I'm also not going to pay excessively for this so please be realistic, insured and have the proper equipment.

The chip trees are all straight, few branches, and between 6"-12", there are a few large pines over 20", and a few small hardwoods but nothing over 12".

Need done ASAP.
