

Manufacturing Plant Maintenance Technician (Edison)

Location **New Jersey**
<https://www.genclassifieds.com/x-444366-z>

About us: The Schundler Company has been processing perlite and vermiculite for customers in the Northeast US and beyond since 1951. We operate vermiculite and perlite expansion furnaces, and produce both regular expanded aggregates and products as well as special cementitious mixes, primarily for the horticultural and construction industries.

We require a Manufacturing Plant Maintenance Technician to work with and support our experienced Plant Equipment/ Maintenance Manager with a number of projects he is working on for the next few months. The main responsibilities include assisting with machinery/ equipment maintenance, troubleshooting and repair, installation, setup/ configuration and refurbishment, and some fabrication of parts, equipment, etc.

Significant experience in some or all of the following would be very valuable: mechanical repairs (including on forklifts and/or skid-loaders, and/ or bucket elevators and/ or screw conveyors), welding, basic metal fabrication, and electrical wiring would be valuable.

Start: ASAP/ immediate
 Schedule: First shift, Monday-Friday 8AM-4PM
 Duration: 3 month contract with possibility to
