

Female Singer Need for Country Band (Akron)

Location **Ohio** https://www.genclassifieds.com/x-444514-z

Working top 40 country band is seeking a female singer. Our current singer will be leaving us soon due to a job relocation. We are an active band and play out almost every week, sometimes two times per week. We are looking for someone with great stage presence and a dedication to making the band successful. We all have day jobs so we are not looking to "get signed" but just have fun, play out and make some money.

Please send your name and links to samples of your singing (audio or video).
