Non-smoking families only

I have three kids 4b, 4g, 7g in my licensed child care that will be going to school this next fall, that would LOVE to have some friends to play with this summer. Daycare for that group is ALWAYS more fun if you can hang with someone other than babies. Not big enough to stay home, but not little enough for diapers and naps. I have two daycare rooms, allowing for older child play and a assistant to help supervising out door time. Even with a fenced in yard, two sets of eyes are a wonderful thing. If your 4 to 8 year old needs care for the summer, please email me with your phone number.

thanks
