Hi, these little boy and girl are wonderful. The only reason that we are re-homing them is we work A LOT and they are home alone all the time and we know they would be so much happier with a family that is home more often. they love to snuggle and play! they are good with kids and other dogs. They are about 3 months old,, already neutered and spayed! We are asking a small re-homing fee to ensure they are going to a home that can take care of them. Please email with questions and also tell a little about why you would be a good home for please contact.
