I need someone to come over once a week to mow grass and weed wack the cracks of my patio. If you have a lawn mower and a weedwacker this should take you about 15-20 minutes. I want someone who can give me a receipt and I would prefer to pay at the end of each month. My property is on the East Side of Milwaukee near Brady and Water St. Email me with your name, qualifications and a contact phone # if you are.
