

APARTMENT PAINTING (SLC)

Location **Utah**
<https://www.genclassifieds.com/x-445082-z>

Need an apartment painted?
 Renters trash the place?
 Need to get it rented back out?

If you answered "YES" to any of these questions then we're the painters for you.

When we are painting for you, we'll take extra special care of your property. The paint is only applied to the proper surfaces and not to the floors, furnishings or pets. You will not hear loud music playing, lots of talking, or see a messy job site. Instead, you will see a professional staff of painters who will properly prepare the surfaces for paint removal first, cover the areas they are not painting, thoroughly clean up each day and paint according to the best paint industry standards.
