

Experienced Drummer Looking for Work (Franklin County Northern Vt)

Location **Vermont** https://www.genclassifieds.com/x-445096-z

Reposting with updates to expand my search.

Experienced drummer looking for working band situation / fill in work. I played full time for about 10 years and have played in numerous weekend warrior bands over the years as well. I'm currently working a couple of nights a month however am looking to increase my gig schedule. The styles I have played the most include various forms of Country, Rock, Blues and a little Jazz.

Ideally I'd like to find a country / country-rock project that plays the Legions, VFW's, Critter Clubs, etc in Franklin county / Northern Vermont however I'm not opposed to playing some clubs in the general area. Also open to gigs in other counties within a reasonable distance.

Although my preference is to find a band that is either currently or close to working I'm open to finding some players that have the desire to play out as soon as possible.

Look forward to hearing from.
