I am living over on Archibald st. and.in the old North end, my Maine Coon, Luna was outside in the back yard Sunday afternoon, she never came inside and she is not one to roam, she is very skittish, but very nice. She is about 8 or 9 pounds, dark and ashy in color and very fluffy with beautiful bright green eyes and a crazy fluffy tail. We had just taken her collar off that morning to replace her tags, so she is not wearing one now, however she is microchipped but the humane society that chipped her is not open until tomorrow afternoon, and we are quite worried about her. If anyone has seen her or knows her whereabouts please please text or call Colin at

or email me at

. Thank!
