I am interested in selling my Turkey Hunting USA Arcade Game. It works well and is ready to play. Manual and keys included. This is a great way to make extra money for a business or even your home. My daughter had a pool party over the summer and it ended up making \$8.00 just sitting in my garage haha. It can also be set for free play or adjust the price from .25-2.50 a game. I may be interested in trades also. I am a car/bike guy so I would consider a motorcycle, four wheeler, trailer, truck, and other things along those.
