Our goal at the Providence Bankruptcy Clinic is to help our clients obtain a fresh start and craft a plan to stabilize their economic situation. We understand that difficult circumstances can force good people into unfortunate financial situations. Our clients have often lost their jobs, had serious health problems that their insurance failed to cover, or experienced other life situations that have left them unable to manage their basic debts.

The U.S. Bankruptcy laws provide a way, a perfectly legitimate, legal and honorable way to stop foreclosures, repossessions, lawsuits, garnishments and the ongoing and overwhelming pressure from debt collectors. It is often possible for people who file for bankruptcy protection to maintain ownership of their homes, cars and other personal possessions and to come out of bankruptcy with a solid plan for the future. The Providence Bankruptcy Clinic is here to help.
