I specialize in all Harley Davidson models service, repair and customer satisfaction, but I also work on most motorcycles, scooters, quads, dirt bikes, jet ski's.

I excel in service and upgrades such as:

- 1) Exhaust and fuel management systems for injected motors.
- 2) Twin Cam upgrades/replacements
- 3) Gear drives
- 4) Six speed transmission upgrades
- 5) Some Engine rebuilds...my choice.
- 6) Charging systems.

I also perform normal services such as:

Fluids, gaskets, brakes, tires and any bolt on upgrades like controls, bars and lighting etc...

The above listed services aren't the only things I do, but they are the services I perform the most.
