

# Retro Bird Cage Stand (Milwaukee)

Location **Wisconsin**  
<https://www.genclassifieds.com/x-445648-z>

It's rusty but I think it'd clean up nicely, using an SOS pad, or you could just paint it. The chrome is flaking off in areas, mainly on the long straight section, but it looks like the metal underneath would polish up nicely.

Dimensions: the base is 11" across, it's 67" tall and the hoop is roughly 23" in diameter.
