

Collapsible Dog Water Dish (9 USD)

Location **Wisconsin**
<https://www.genclassifieds.com/x-445656-z>

Have your furry friend with you and nothing for them to eat or drink out of? This collapsible dish can hold water or dog food for that hungry or thirsty friend! It folds up and snaps together for easy travel, then can just pop right open to hold what you need it to.

This is great to take along to the doggy park, to visit friends, camping, walks, long car rides or anywhere they may need food or water.

The inside is a water resistant fabric, the outside is webbing and a rugged material. This is washable on gentle and cold, hang dry.

Your doggy will be styling with this aqua and white geometric print outside and white liner.
