NEEDED:
HEALTHY VOLUNTEERS AGES
18-60 FOR RESEARCH STUDY

Researchers from the Medical College of Wisconsin and Marquette University are performing a clinical research study on the effects of energy on blood vessels. Males and females are both encouraged to participate and must be between the ages of 18-60. One 3-4 hour visit to Froedtert Hospital, for an ultrasound exam is required.

Interested? Call Nicole Lohr, M.D, Ph.D. or email .
