

Britax Marathon Convertible Car Seat (45 USD)

Location **Washington**
<https://www.genclassifieds.com/x-445677-z>

Designed with a rear- and forward-facing recline, the Britax Marathon Ultimate Comfort Series Convertible Car Seat in Jet Set helps ensure a comfortable ride. Deep sidewalls lined with EPP foam provide side impact protection, while head safety technology, including SafeCell technology in the base, integrated steel bars, energy-absorbing Versa-Tether and HUGS chest pads, reduces forward head movement and the risk of injury. Soft, resilient memory foam contours to the body to offer premium cushioning, while the tangle-free, quick-adjust five-point harness grows with your child from 5 lbs. up to 65 lbs. The car seat is designed with lower LATCH connectors with an easy, push-button release. Designed, engineered and built in the USA. Some images below may depict an alternate pattern.
