As badly as I hate too, I am having to rehome my sweet puppy. Her mom was a poodle and great dane and the dad was full blooded lab. She was born February 15 and has had first shots and dewormer. She does not come with papers. We are currently working on potty training. She is very sweet and lovable. She is a joy to be around and wish we could keep her, but she needs more time and attention than we can provide. SAsking a rehoming fee of 150 to ensure good home.!
