Hello!

I have two mix breeds pups I rescued and need to rehome ASAP: one male and one female. I already have three dogs in my home, and my landlord won't allow me to have any more. They are super sweet pups, and won't just go to anyone. For some reason, it won't let me post pics on here, but I can send them by phone or email. Someone please give these pups a forever home! Rehoming fee of \$100 per pup to make sure they go to a good home. They'll come with a collar, leash, toys, and food they've been eating.
