

Experienced Pre School teacher looking to care for a child (South Jordan)

Location

Utah

<https://www.genclassifieds.com/x-445780-z>

I am currently a private school director in Southern California. My family and I are relocating to South Jordan in June. We will be living in the Daybreak community. I am looking for either a set of siblings or a child to care for. I have been a director in a private school setting for the last two and a half years and before that was a lead pre school teacher. I am CPR and first aid certified. I have early child hood education units. I also regularly attend child development workshops and seminars. I am highly trained in the Carden Method of education. I would love a child who's parents would like them exposed to early reading skills, math, and language at a young age. I am hoping to care for either a 2 or 3 year old. Ideally.

Please contact me for more information, I look forward to speaking with.
