Hey there mr (or mrs) drums,

If you're a drummer who's young, and with it, and want to come have fun with us, shoot us an email! It's a minimal time commitment, so even if you're already in a band, you could do this too. We're getting some songs up on soundcloud/youtube, and choosing a name, but you could have input on that too... Multi-instrumentalist would be a plus, but not required. In Ogden, and hoping to find someone local. And loco.

Email and we'll send a link to our top secret soundcloud page.
