The Good= This Chevy Prizm is good in gas. It has A/C, Audio Cd player, Power everything.. No mechanical problems, everything runs perfectly well. Well maintained with lots of upgrades. All pep boys service. Have paperwork in hand to prove. Current oil change and diagnostic check list. Clean car-fax and have never had major problems since i bought it. Have kept it clean always. Just had tune ups and normal maintenance. Looking to buy a bigger car for my family that's why am selling the Chevy Prizm. Super low miles so don't low ball me...

The Bad= its not a brand new vehicle
