I am a mom of 1 8 year old beautiful little girl, I'm needing some financial help for a medical surgery. I'm having extremely bad pain and I do not have medical insurance, nor can I afford it at 289.09 a month. I have some collateral but it does not add up to the amount needed I'm in need of 10,000\$ in collateral I have 4,000 of that if you would be willing to let me make payments I can do this at \$100.00 a month. I need to have surgery to removing scaring. If you have any questions please feel free to email me. Good bless and thank.
