I am looking for a temporary roommate to help with rent. I was supposed to move out by the end of May, but there was confusion between my leasing office and I. Basically I am stuck paying rent until June 18th. I am month-to-month, and do not intend to stay longer. If you are interested, let me know.

Here are the specs: -1 bedroom, so one of us would stay in the living room. I don't care if I have to. All utilities, including wifi internet, will be included our agreed upon price. I am thinking around \$400 OBO. I live on the edge of the Tenderloin, close to Civic Center, near a lot of public transportation hubs. If you have further questions, just.
