Hi there,

I am looking for an amateur/student/beginning photographer to take photos of my handmade jewelry for my etsy shop. I've been trying to take my own photos and am really horrible at it and not getting the images I'd like to capture my jewelry. I currently don't make any money from my shop so I cannot pay you but I can make you an item or 2 and you could use the photos for a school project or anything you personally would like them for such as a portfolio. Please send me an email if you are interested and we can talk. My etsy shop is listed below so you can check out my style. Thanks!
