ABOUT FRANK THE TANK

Check Meowt! I`m the heftiest cat that`s been at the shelter lately. I look like I only weigh 8-9 lbs, but I am solid muscle and actually weigh a good 13-14 lbs. It doesn`t stop me from being able to jump up into the sink or climb the cat shelves. I`m a rockstar and my name is Frank the Tank! I love to bird watch and play. I especially like when you drag string around. Catnip is awesome too. I like being petted, but I`m mostly independent and like to do my own thing. So, if you want to adopt me, be sure you are okay with a more aloof cat, except when it comes to playtime. So far, the other cats scare me, so I may do best as your only one. I`m new still, so I may get used to them over time. I`ll update you later. In the meant time, visit with me and see if I`m a good match for!
