Alcohol and Drug Use in Lesbian, Gay, Bisexual, Queer and Questioning Adults (Research Study)

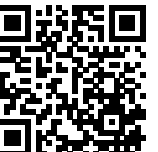

I'm a researcher from Bowling Green State University studying the stress of being a sexual minority, drug and alcohol use, and family relationships. To participate in this study, you must (a) be at least 18 years old, and (b) identify as lesbian, gay, bisexual, queer, or questioning. If you volunteer, you will be asked to fill out some surveys that will take 15-20 minutes of your time, and will ask you questions about your sexual orientation, alcohol and drug use, and family relationships. Your answers to the survey questions are completely anonymous.

The Human Subjects Review Board at BGSU approved this study.
