This sweet boy was found in Rogers, wandering around without a collar and with his ribs showing. I've had him 5 days, and he's looking a lot better!

Male, neutered, hound mix, possibly Rhodesian ridgeback, mastiff or shepherd mix, a large breed - he weighs a good 70lbs. Probably 6-7 years old?

Well mannered, obedient, house trained and shows signs that he had a loving family at some point.

If this is your dog, please contact me via phone or text. You'll need to provide proof via markings descriptions or pictures that he's yours and hopefully have a good story to tell on how came to be.
