

Activated Carbon

Location **California**
<https://www.genclassifieds.com/x-446518-z>

You'll receive both items you see in the picture. Activated carbon is used in aquariums or any fish/shrimp tanks to remove excess nutrients or medicine out of the water. Just insert the mesh into your filter and let it run. The container is brand new filled with activated carbon. Asking \$10 for both. Email with a number.
