

FOUND male kitten 6 months old (oakland west)

Location **California**
<https://www.genclassifieds.com/x-446610-z>

My housemates and I rescued a young male cat from a tree next door to our house. He doesn't have a collar, or appear to be neutered, but he is extremely tame around humans so we wonder if he's missing his owner. Please look at the pictures and see if this might be your little handsome.
