The cute kitchen has a patterned tile floor, and features walnut-stained cabinetry below the counter and white-painted cupboards above, with a countertop and tile backsplash that complement the rich brown cabinets nicely. A stove and fridge will be installed before you move in.

In the bathroom, faux-wood flooring matches the stained vanity and the bespoke toothbrush holder, and standard-issue commode and fixtures make for standard-issue business. The one-piece plastic tub surround is easier than tile to keep clean, and features built-in shelving for soap and other items.

The living room is a large, light space with big windows and warm wall-to-wall carpeting. The same light, airy feel extends into both bedrooms, which maintain the same carpet and light paint. One bedroom offers a ceiling fan to keep the air moving.

The laundry room off of the kitchen houses the furnace, water heater, a utility tub, and washer/dryer hookups. It also connects to the breezeway, which connects in turn to the attached garage and also offers a side door. The garage provides a simple workbench and the opportunity for some loft storage as well.
