## veiled chameleon (southington)

Location **Connecticut** https://www.genclassifieds.com/x-446890-z

I have a female veiled chameleon that I need to find a new home for. To be honest, I only got her because I felt terrible. She had been at the local pet store for over a month. Evetytime I was there her humidity was at desert level, she had a horrible drinking system set up, and these tiny meal worms that were more of a small snack. Since having her she has been great, although she needs you to baby talk her. Strange I know, but it encourages her to leave her cage and allow contact. I will include her reptibreeze cage, heat and uvb setup, vines and decor, dripper, repti fogger and a habbamist, although I dont use it. Asking \$150
