im wanting to trade a few days of manual labor to rent 2 horses each week for non trail riding. im an experienced horseman been riding over 20yrs. im sort of like an expert rider. not show ring but cowboy style.  
im a hard worker know how to muck out stalls n do manual back breaking kind of work. im talking 5-8hrs each day not hi-bye run through. im willing to do 5days a week even.

im on disability & don't make enough to do this if I pay. being around horses is very relaxing for.
