Looking for a med size breed pup for my 10 yr old for therapy dog, cant afford big rehoming fee but can afford food vet an lots and lots if love. I do have 2to boys 4&10 so looking for a dog that can keep up with them but also calms down easily. Prefer a pup who is used to boundaries in the bk yard as have one weak spot in my fence an dont want them to jump it will be fixed soon but the pup will be a inside dog for sure Have previously had a shepard, pit, an a couple mixed.
