

Netherland dwarf bunnies (Newark)

Location **Delaware**
<https://www.genclassifieds.com/x-446928-z>

I have purebred Netherland dwarf bunnies. They are black otter in color and bucks and does. They are 8 weeks old. They would make someone a great forever pet and would be great animals for a 4-H project. They will be less than 2.8- 3 lbs when full grown. Asking \$40 each and are ready to go to they forever homes now.
